INTRODUCING PGT® VINYL SLIDING GLASS DOORS.

OUR DOORS AT-A-GLANCE

PREFERRED SLIDING GLASS DOOR

This door delivers exceptional safety, strength, and energy efficiency—with beautiful options that reflect your home's personality.

EnergyVue® SGD5470 (Non-Impact)

WinGuard® Vinyl SGD5570 (Impact-Resistant)

The vinyl Preferred Sliding Glass Door is available with either non-impact or impact-resistant glass. The non-impact version, better known as EnergyVue®, is built for longevity. WinGuard® Vinyl, our impact-resistant line, helps protect your loved ones from the toughest weather conditions, would-be intruders, and noise pollution. WinGuard® Vinyl also helps protect your wallet by potentially lowering your insurance premiums while your home's value increases.

Both products provide outstanding energy efficiency thanks to their multi-chambered vinyl frames that deflect solar heat gain and help reduce your energy bills. Combine this construction with our premium options, and you can also achieve ENERGY STAR® ratings to lower your bills even more.

DOORS PUT TO THE TEST

All PGT® products are continuously tested, certified, approved, and rated by the industry's most respected, accredited organizations like Miami-Dade Notice of Acceptance, AAMA Tested/Keystone Certified, Florida Product Approval, ENERGY STAR®, National Fenestration Rating Council (NFRC), Texas Department of Insurance, and Sound Transmission Class (STC).

STANDARD FEATURES

This door comes standard with a white frame, ideal for new construction and remodeling/replacement projects. In terms of glass, EnergyVue® is equipped with tempered insulated glass while WinGuard® Vinyl comes standard with laminated insulated glass.

- Customizable for your project with multi-panel, by-pass, or pocket configurations
- Multi-chambered vinyl frame construction can improve energy efficiency substantially
- Heavy-duty tandem rollers offer easy opening and closing
- Dual-point locking system provides enhanced strength and security
- Hidden installation/assembly screws create a sleek, clean appearance
